June 20, 2007

Dear NAME:

Your nomination to attend the Kavli Institute for Theoretical Physics as an affiliate of Professor XXX has been approved. I invite you to visit us for the period XXX to XXX in association with our program XXX.

The KITP normally does not provide financial assistance to affiliates, and I understand that arrangements will be made to have the expense of your visit here reimbursed from other sources. Information about various administrative details will follow in a separate e-mailing. For your reference, I enclose a page indicating our administrative staff who assist in arranging visits and supporting visitors. If you will not have medical insurance coverage applicable to your stay here, please contact Deborah Storm for further information.

I would greatly appreciate learning from you promptly (no later than Sunday, XXX) if you will be able to participate. In your response, by e-mail to myvisit@kitp.ucsb.edu, please let us know explicitly whether the proposed dates are acceptable. Because of space, any significant change in the duration or time of your visit requires consultation with the coordinators and with us. This includes changes that would result in your participation for less than the whole period for which you are invited.* We look forward to an exciting and productive research program. Please do not hesitate to contact me or the Deputy Director if you have any questions.

Sincerely yours,

David Gross
Director
