March 15, 2006

Thank you for applying to participate in our program entitled *Quantum Phase Transitions*. Your application has been carefully considered by the program coordinators. Unfortunately, there is an overabundance of highly qualified applicants to this program, more than our budget and space limitations allow us to invite, among other things taking into account our policy requiring visits of three weeks or more for regular program participants. We regret that we are unable to invite you to participate at this time. We will contact you if, because of late cancellations, the situation changes.

Once again, thank you for your interest in the KITP.

Sincerely,

David Gross
Director
